

Funding Climate Smart Conservation

Abe Doherty, Climate Change Policy Advisor,
CA Ocean Protection Council, CNRA

Governor Executive Order B-30-15

“State agencies shall take climate change into account in their planning and investment decisions, and employ full life-cycle cost accounting to evaluate and compare infrastructure investments and alternatives.”

Governor Executive Order B-30-15

“State agencies' planning and investment shall be guided by the following principles

- Priority should be given to actions that both build climate preparedness and reduce greenhouse gas emissions;

- Where possible, flexible and adaptive approaches should be taken to prepare for uncertain climate impacts;

- Actions should protect the state's most vulnerable populations; and

- Natural infrastructure solutions should be prioritized.”

About Measure AA

Join Senator Dianne Feinstein and environmental, business and community leaders from across the Bay Area in voting YES on Measure AA on June 7 for a clean and healthy San Francisco Bay. This measure is critical to restoring wetlands and protecting wildlife habitat for future generations throughout the Bay Area.

Thank you for all of your work on climate change and ocean/coastal protection.
